A. Whenever any roadway has been divided into two (2) or more clearly marked lanes for traffic, in addition to all other rules consistent with this subsection, a vehicle shall be driven as nearly as practical entirely within a single lane and shall not be moved from the lane until the driver has first ascertained that the movement can be made with safety and has signaled for a change of course.

B. Where streets or roadways do not have marked traffic lanes, vehicles shall nevertheless keep in line or follow a straight course as nearly as practical and shall not weave in and out or turn from side to side unnecessarily. Vehicles shall move to the right or left only as necessary in slowing or stopping adjacent to the curb, in passing slow moving vehicles or making a proper approach for a turn, and this only after the driver has first ascertained that such movement can be made safely and has signaled for a change of course.

C. Upon a roadway which has been divided into three (3) lanes, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn, or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation.

D. Official signs may be erected directing the slow-moving traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway. Drivers of vehicles shall obey the directions of every such sign. [Ord. No. 2009-05, 4/28/09]

2. When the right half of a roadway is closed to traffic while under construction or repair;

3. Upon a roadway divided into three (3) marked lanes for traffic under the rules applicable thereon; and

4. Upon a roadway designated and signposted for one-way traffic.

B. All vehicles shall keep to the right roadway on all streets or highways which are divided into two (2) roadways.

C. Upon all roadways, any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

D. Upon a roadway which is divided into four (4) or more lanes, a vehicle shall not be driven in the left lane except when overtaking and passing another vehicle; provided, however, this section shall not prohibit driving in the left lane when traffic conditions, flow or road configuration, such as the potential of merging traffic, require the use of the left lane to maintain safe traffic conditions.
