## Farmers' Market

The annual Blanchard Farmers' Market is opened every **Saturday** beginning at **8am** thru **September**.

The Market is located on US-62 across from Ten Arrows Coffee and Bistro and the new Veterans Memorial.

## Father's Day

Like Mother's Day, Father's Day has a modern origin. The idea came to Mrs. John Dodd as she sat listening to a Mother's Day sermon in 1909.

Her father, William Smart, had raised his children alone on his Washington farm after his wife died giving birth to their sixth child. Mrs. Dodd proposed to the Spokane Ministerial Association and

the YMCA that they celebrate a "father's day" on June 5, her father's birthday. The idea received strong support, but the good ministers of Spokane asked that the day be changed to give them extra time to prepare sermons on the unexplored subject of fathers. The first Father's Day was observed on June 19, 1910, in Spokane, Washington, and soon other towns had their own celebrations. In spite of widespread support, Father's Day did not become a permanent national holiday until 1972, when President Richard Nixon signed a law declaring that it be celebrated annually on the third **Sunday** in **June** (16<sup>th</sup>).

# Shop Local

Here's what happens when you "shop local."

1. For every \$100 you spend at locally owned businesses, \$68 stays in Blanchard. What happens when you spend that same \$100 at a national chain? Only \$43 stays in the community\*.
2. You wouldn't want your house to look like everyone else's in the U.S. So why would you want your community to look that way?
3. Local businesses are better at creating higher-paying jobs for your neighbors. When you shop locally, you help create jobs for firemen, police officers, and many other essential professions.
4. Buying from a locally owned business conserves energy and resources in the form of less fuel for transportation and less packaging.
5. Local business owners know you, and you know them. Studies have shown that local businesses donate to community causes at more than twice the rate of chains.
6. Shopping in a local business district means less infrastructure, less maintenance, and more money available to beautify the community. Also, spending locally instead of online ensures that your sales taxes are reinvested where they belong - in Blanchard.
7. Locally owned

# Flag Day

People across America will celebrate Flag Day on **June 14** each year to honor the United States flag and to commemorate the flag's adoption. On the same day, the United States Army celebrates its birthday.

Flag Day falls within National Flag Week (**June 11th - 17th**), a time when Americans reflect on the foundations of the nation's freedom. The flag of the United States represents freedom and has been an enduring symbol of the country's ideals since its early days. During both events, Americans also remember their loyalty to the nation, reaffirm their belief in liberty and justice, and observe the nation's unity.

Many people in the United States honor this day by displaying the American flag at homes and public buildings. Other popular ways of observing this holiday include: flag raising ceremonies; Flag Day services; school quizzes and essay competitions about the American flag; musical salutes; street parades; and awards for special recognition.

Organizations such as The National Flag Day Foundation are actively involved in coordinating activities centered on the event and keeping the flag's traditions alive. Following Flag Day is Honor America Days, a 21-day period through to Independence Day (July 4) to honor America. During this period, people hold public gatherings and activities to celebrate and honor the nation.

Although Flag Day is a nationwide observance, it is not a public holiday in many parts of the United States. It is a legal holiday in a few areas in the USA, such as Montour County in Pennsylvania. On June 14, 1777, the Continental Congress replaced the British symbols of the Grand Union flag with a new design featuring 13 white stars in a circle on a field of blue and 13 red and white stripes - one for each state.

Although it is not certain, this flag may have been made by the Philadelphia seamstress Betsy Ross, who was an official flag maker for the Pennsylvania Navy. The number of stars increased as the new states entered the Union, but the number of stripes stopped at 15 and was later returned to 13.

In June 1886 Bernard Cigrand made his first public proposal for the annual observance of the birth of the flag when he wrote an article titled "The Fourteenth of June" in the old Chicago Argus newspaper. Cigrand's effort to ensure national observance of Flag Day finally came when President Woodrow Wilson issued a proclamation calling for a nationwide observance of the event on June 14, 1916.

However, Flag Day did not become official until August 1949, when President Harry Truman signed the legislation and proclaimed June 14 as Flag Day. In 1966, Congress also requested that the President issue annually a proclamation designating the week in which June 14 occurs as National Flag Week.

businesses pick the items and products they sell based on what they know you like and want. Local businesses carry a wider array of unique products because they buy for their own individual markets.

8. You are their friends and neighbors, and locally owned businesses have a vested interest in knowing how to serve you. They're passionate about what they do. Why not take advantage of it?

9. Creativity and entrepreneurship are what the American economy is founded upon. Nurturing local business ensures a strong community.

10. The more interesting and unique Blanchard community, the more we will attract new neighbors, visitors and guests. This **BENEFITS EVERYONE!**

\* Civic Economics - Andersonville Study of Retail Economics.

The President issues a proclamation each year to call on government officials in the USA to display the flag of the United States on all government buildings on Flag Day; and to urge US residents to observe Flag Day as the anniversary of the adoption on June 14, 1777, by the Continental Congress of the Stars and Stripes as the official flag of the United States.

## *House Numbering*

In an emergency, first responders (fire, police and ambulance) and utility service technicians depend on clearly marked addresses to find the right home as quickly as possible. Finding a residence can be challenging if street addresses (house numbers) are unreadable, hidden, unlit or missing. You can help emergency responders and service technicians locate your home by following these tips:

- Replace aging or faded numbers;
- Clear all obstructions (hanging plants, bushes, flags, etc.) from blocking your house number;
- Post large numbers to allow visibility from the street;
- Place your numbers near the street or on the curb, with a reflective coating and contrasting background;
- Allow numbers to be seen from all directions (if your home is on a corner, have numbers posted on all sides).

The BMC §4-402 requires all building and houses to be numbered. The even numbers (2,4,6, etc.) shall be on the east side of the streets extending north and south, and on the south side of the streets extending east and west; the odd numbers (1,3,5, etc.) shall be on the opposite side of streets.

## *So...Think Shop Live Blanchard*

Please keep in mind that Blanchard's quality of life and the local economy relies on where residents spend their money and do their shopping. Sales tax is a direct and vital lifeline to essential services like public safety (police, fire, 911 services), public facilities, projects, programs and services. Shopping locally keeps businesses here in Blanchard, providing jobs and benefiting community schools and non-profits.

If there's one thing we can all do to make our dollars work for this community, it's to shop local! Grab dinner in Blanchard on your way home. You'd be surprised what a difference that can make. Shopping locally benefits the entire community. Make your tax dollars work for you and our community.

## *Summer Solstice*

The summer solstice heralds the beginning of summer! The timing of the summer solstice depends on when the Sun reaches its farthest point north of the equator. This occurs annually sometime between June 20 and 22, depending on the time zone.

This year, the event occurs at **3:50pm** (CDT) on **Thursday, June 20<sup>th</sup>**.

The word *solstice* is from the Latin *solstitium*, from *sol* (sun) and

*stitium* (to stop), reflecting the fact that the Sun appears to stop at this time (and again at the winter solstice). In temperate regions, we notice that the Sun is higher in the sky throughout the day, and its rays strike Earth at a more direct angle, causing the efficient warming we call summer. In the winter, just the opposite occurs: The Sun is at its southern most point and is low in the sky. Its rays hit the Northern Hemisphere at an oblique angle, creating the feeble winter sunlight.

## *Tornado Safety*

In Oklahoma, tornados are frequent in the spring and summer months. An average of 800 tornados are reported each year, causing 80 deaths and over 1,500 injuries per year. These storms are capable of tremendous destruction with wind speeds of 250 mph or greater. The following guidelines will assist in keeping you safe:

**Tornado Watch** - means a tornado is "possible". When the National Weather Service issues a warning, it is time to turn on a TV or radio, look out the window from time to time, and be more alert to what is happening outside.

**Tornado Warning** - means that a tornado has actually been spotted, or is strongly indicated on radar, and it is time to go to a safe shelter immediately.

**Warning Signs** - A sickly greenish or greenish black color to the sky.

- » If there is a tornado warning or watch posted, then the fall of hail should be considered as a real danger.
- » A strange quiet that occurs within or shortly after the thunderstorm.
- » Clouds moving by very fast, especially in a rotating pattern or converging toward one area of the sky.
- » A sound a little like a waterfall or rushing air at first, then turning into a roar as it comes closer.
- » Tornados usually move from southwest to northeast.

### **Safety Tips -**

- Shelter indoors, away from flying debris.
- Go to your basement, storm cellar, safe room or lowest level of your home.
- Go to the most interior hallway or room without windows. Stay away from windows and doors.
- Avoid places/rooms with wide-span roofs (cafeterias, gymnasiums, shopping malls).
- Don't try to outrun a tornado in your car. It's one of the most unsafe places to be during a tornado.
- Don't seek shelter in drainage systems, culverts or ditches because of flash flooding.
- Use your arms to protect your head and neck.

# *Veterans Memorial*

The dedication of the Memorial was held on Thursday, May 30<sup>th</sup> beginning at 10am.

The Governor, Lt Governor, Secretary of the Oklahoma Department of Transportation, Executive Director of the Oklahoma Tourism and Recreation Department, former Under Secretary of the Navy, the Assistant Adjutant General, OKNG Chaplain were in attendance for the dedication. Many other dignitaries were in attendance.

More than 600 plus individual bricks are still available for purchase to be show cased at this incredible Memorial. Individual bricks are \$125 apiece or 3 bricks for \$300.
