Hotel-Motel Tax

A question for or against a proposed hotel-motel tax for Blanchard will be on the General Election on Tuesday, November 3rd.

IS ANYONE EXEMPT FROM PAYING THE TAX?

Certain individuals are exempt from the tax provided adequate documentation is submitted verifying their exemption. These are:

- Permanent residents of Blanchard

- The United States government or any agency or division thereof when paid directly by the United States Government

- The State of Oklahoma or any political subdivision thereof when paid directly by the State of Oklahoma or any political subdivision.

The City is recruiting hotels and motels to locate in Blanchard. Part of the pro forma calculations is the amount lodging tax charged in a community. This determines the feasibility of a hotel-motel, rates and number of rooms.

Mandatory Water Restrictions

Due to an increase in water usage, Blanchard citizens may be experiencing low water pressure and/or NO water at all.

Blanchard and Central Oklahoma is in a dry to moderate drought due to the lack of rain. The City is experiencing a massive increase in water usage (over 31,000,000 gallons purchased from OKC in July and 29,000,000 gallons in August). In addition, we purchase an additional 10million gallons in August from the City of Newcastle. This increase has had a negative impact on our system's water pressure.

Therefore, a mandatory odd/even watering (Stage 1) is in effect until further notice.

Shop Local!

Here's what happens when you "shop local."

1. More of your money will be kept in the Blanchard economy: For every \$100 you spend at a locally owned businesses, \$68 will stay in Blanchard. What happens when you spend that same \$100 at a national chain? Only \$43 stays in the community.*

2. You embrace what makes Blanchard unique: You wouldn't want your house to look like everyone else's in the U.S. So why would you want your community to look that way?

3. You create local jobs: Local businesses are better at creating higher-paying jobs for your neighbors. When you shop locally, you help create jobs for teachers, firemen, police officers, and many other essential professions.

4. You help the environment: Buying from a locally owned business conserves energy and resources in the form of less fuel for transportation and less packaging.

5. You nurture community: Local business owners know you, and you know them. Studies have shown that local businesses donate to community causes at more than twice the rate of chains.

6. You conserve your tax dollars: Shopping in a local business district means less infrastructure, less maintenance, and more money available to beautify the community. Also, spending locally instead of online ensures that your sales taxes are reinvested where they belong— in Blanchard!

7. You create more choice: Locally owned businesses pick the items and products they sell based on what they know you like and want. Local businesses carry a wider array of unique products because they buy for their own individual markets.

8. You take advantage of their expertise: You are their friends and neighbors, and locally owned businesses have a vested interest in knowing how to serve you. They're passionate about what they do. Why not take advantage of it?

9. You invested in entrepreneurship: Creativity and entrepreneurship are what the American economy is founded upon.

Nurturing local business ensures a strong community.

10. You made Blanchard a destination: The more interesting and unique Blanchard community, the more we will attract new neighbors, visitors and guests. This benefits everyone!
