## *Father's Day*

Like Mother's Day, Father's Day has a modern origin. The idea came to Mrs. John Dodd as she sat listening to a Mother's Day

sermon in 1909. Her father, William Smart, had raised his children alone on his Washington

farm after his wife died giving birth to their sixth child. Mrs. Dodd proposed to the Spokane Ministerial Association and the YMCA that they celebrate a "father's day" on June 5, her father's birthday. The idea received strong support, but the good ministers of Spokane asked that the day be changed to give them extra time to prepare

sermons on the unexplored subject of fathers. The first Father's Day was observed on June 19, 1910, in Spokane, Washington, and soon other towns had their own celebrations. In spite of widespread support, Father's Day did not become a permanent national holiday until 1972, when President Richard Nixon signed a law declaring that it be celebrated annually on the third Sunday in June (16th).

## *Fight the Bite!*

These insects kill more people in 1 day than sharks do in a century!

Individuals can reduce their risk of contracting mosquito-borne diseases, such as the West Nile virus, by getting rid of standing water around houses and by using insect repellent. Here is a simple way to remember how to "Fight the Bite" using mosquito safety. Just remember 3 D's and a P!

- DRAIN stagnant water;
- DRESS wear long sleeves and pants;
- DEET repel when you're outside;
- PREVENT reduce your exposure.

Unfortunately, there is no easy solution for managing mosquitoes. Countless products on the market claim to be effective and easy to use but few have appreciable value in lessening the annoyance and incidence of bites. Unlike most insects found around homes, mosquitoes are pervasive outdoor pests and there are limits to what can be done to minimize their abundance,

Nonetheless, there are measures that can afford some relief.

## *Fire Hydrant Repair*

The repair of two (2) fire hydrants in old town was completed on Tuesday (May 31<sup>st</sup>).

Low water pressure and/or no water was experienced in part or

all of downtown Blanchard.

## *Flag Day*

People across the United States celebrate Flag Day on **Tuesday, June 14** each year to honor the United States flag and to commemorate the flag's adoption. On the same day, the United States Army celebrates its

birthday.

Flag Day falls within National Flag Week, a time when Americans reflect on the foundations of the nation's freedom.

The flag of the United States represents freedom and has been an enduring symbol of the country's ideals since its early days. During both events, Americans also remember their loyalty to the nation, reaffirm their belief in liberty and justice, and observe the nation's unity.

Many people in the United States honor this day by displaying the American flag at homes and public buildings. Other popular

ways of observing this holiday include: flag-raising ceremonies; Flag Day services; school quizzes and essay competitions about the American flag; musical salutes; street parades; and awards for special recognition.

Organizations such as The National Flag Day Foundation are actively involved in coordinating activities centered on the event and keeping the flag's traditions alive. Following Flag Day is Honor America Days, a 21-day period through to Independence Day (July 4) to honor America. During this period, people hold public gatherings and activities to celebrate and honor the nation.

Although Flag Day is a nationwide observance, it is not a public holiday in many parts of the United States. It is a legal holiday in a few areas in the USA, such as Montour County in Pennsylvania.

On June 14, 1777, the Continental Congress replaced the British symbols of the Grand Union flag with a new design featuring 13 white stars in a circle on a field of blue and 13 red and white stripes - one for each state. Although it is not certain, this flag may have been made by the Philadelphia seamstress Betsy Ross, who was an official flag maker for the Pennsylvania Navy. The number of stars increased as the new states entered the Union, but the number of stripes stopped at 15 and was later returned to 13.

In June 1886 Bernard Cigrand made his first public proposal for the annual observance of the birth of the flag when he wrote an article titled "The Fourteenth of June" in the old Chicago Argus newspaper. Cigrand's effort to ensure national observance of Flag Day finally came when

President Woodrow Wilson issued a proclamation calling for a nationwide observance of the event on June 14, 1916. However, Flag Day did not become official until August 1949, when President Harry Truman signed the legislation and proclaimed June 14 as Flag Day. In 1966, Congress also requested that the President issue annually a proclamation designating the week in which June 14 occurs as National Flag Week.

The President issues a proclamation each year to call on government officials in the USA to display the flag of the United States on all government buildings on Flag Day; and to urge US residents to observe Flag Day as the anniversary of the adoption on June 14, 1777, by the Continental Congress of the Stars and Stripes as the official flag of the United States.

## House Numbering

In an emergency, first responders (fire, police and ambulance) and utility service technicians depend on clearly marked addresses to find the right home as quickly as possible. Finding a residence can be challenging if street addresses (house numbers) are unreadable, hidden, unlit or missing. You can help emergency responders and service technicians locate your home by following these tips:

- Replace aging or faded numbers;
- Clear all obstructions (hanging plants, bushes, flags, etc.) from blocking your house number;
- Post large numbers to allow visibility from the street;
- Place your numbers near the street or on the curb, with a reflective coating and contrasting background;
- Allow numbers to be seen from all directions (if your home is on a corner, have numbers posted on all sides).

BMC §4-402 requires all building and houses to be numbered. The even numbers (2,4,6, etc.) shall be on the east side of the streets extending north and south, and on the south side of the streets extending east and west; the odd numbers (1,3,5, etc.) shall be on the opposite side of streets.

## Independence Day

The City's Independence Day celebration will be **Saturday, July 2<sup>nd</sup>**, from **6 p.m. to 10 p.m.** Plans for the event are underway.

**17<sup>th</sup>** ~ Sully & Sisson (60s, 70s, 80s)

**24<sup>th</sup>** ~ The Road Ponies (Various)

Restore Christian Church will provide a concession stand for each concert.

## Summer Solstice

The summer solstice heralds the beginning of summer! The timing of the summer solstice depends on when the Sun reaches its

farthest point north of the equator. This occurs annually sometime between June 20 and 22, depending on the time zone. This year, the event occurs at 4:13am (CDT) on **Tuesday, June 21<sup>st</sup>**.

The word *solstice* is from the Latin *solstitium*, from *sol* (sun) and *stitium* (to stop), reflecting the fact that the Sun appears to stop at this time (and again at the winter solstice). In temperate regions, we notice that the Sun is higher in the sky throughout the day, and its rays strike Earth at a more direct angle, causing the efficient warming we call summer. In the winter, just the opposite occurs: The Sun is at its southernmost point and is low in the sky. Its rays hit the Northern Hemisphere at an oblique angle, creating the feeble winter sunlight.

## *Think, Shop, Live Blanchard!*

Please keep in mind that Blanchard's quality of life and local economy relies on where residents spend their money and do their shopping. Sales tax is a direct and vital lifeline to essential services like public safety (Police, Fire, 911 services), public facilities, projects, programs and services. Shopping locally keeps businesses here in Blanchard, providing jobs and benefiting community schools and non-profits. If there's one thing we can all do to make our dollars work for this community, it's to shop local! Grab dinner in Blanchard on your way home. You'd be surprised what a difference that can make. Shopping locally benefits the

entire community. Make your tax dollars work for you and our community.

## *2035 Comp Plan*

The Blanchard Planning Commission set a public hearing for **Thursday, June 9<sup>th</sup>**, to receive public comments regarding the proposed 2035 Comprehensive Plan.

The document is available and accessible for download and/or reading on the City's website at [www.cityofblanchard.us/news](http://www.cityofblanchard.us/news).

Public comments can be sent to the City Clerk at P.O. Box 480, Blanchard or emailed to [cityclerk@cityofblanchard.us](mailto:cityclerk@cityofblanchard.us).

## *Watering Odd-Even*

Oklahoma City's odd-even watering rotations permanent and has been in place since 2013. It eases the summer-time demand on their water treatment system. These restrictions apply to Blanchard residents since we receive

one-hundred (100) percent of our water from OKC.

Addresses ending in a 0, 2, 4, 6 or 8, can water on any day that ends in an even number. Addresses ending in a 1, 3, 5, 7 or 9 can water

on any day ending in an odd number. Most Oklahoma lawns don't need more than one (1) inch of water per week in the summer to maintain optimum health. Use a rain gauge to determine how much water your lawn is getting. Fewer, deeper watering ensures better root health. Visit

[www.squeezeeverydrop.com](http://www.squeezeeverydrop.com) for details.
