Father's Day

Like Mother's Day, Father's Day has a modern origin. The idea came to Mrs. John Dodd as she sat listening to a Mother's Day

sermon in 1909. Her father, William Smart, had raised his children alone on his Washington farm after his wife died giving birth to their sixth child. Mrs. Dodd proposed to the Spokane Ministerial Association and the YMCA that they celebrate a "father's day" on June 5, her father's birthday. The idea received strong support, but the good ministers of Spokane asked that the day be changed to give them extra time to prepare sermons on the unexplored subject of fathers. The first Father's Day was observed on June 19, 1910, in Spokane, Washington, and soon other towns had their own celebrations. In spite of widespread support, Father's Day did not become a permanent national holiday until 1972, when President Richard Nixon signed a law declaring that it be celebrated annually on the third Sunday in June (16th).

Fight the Bite!

These insects kill more people in 1 day than sharks do in a century!

Individuals can reduce their risk of contracting mosquito-borne diseases, such as the West Nile virus, by getting rid of standing water around houses and by using insect repellent. Here is a simple way to remember how to "Fight the Bite" using

mosquito safety. Just remember 3 D's and a P!

- DRAIN stagnant water;
- DRESS wear long sleeves and pants;
- DEET repel when you're outside;
- PREVENT reduce your exposure.

Unfortunately, there is no easy solution for managing mosquitoes. Countless products on the market claim to be effective and easy to use but few have appreciable value in lessening the annoyance and incidence of bites. Unlike most insects found around homes, mosquitoes are pervasive outdoor pests and there are limits to what can be done to minimize their abundance. Nonetheless, there are measures that can afford some relief.

Flag Day

People across the United States celebrate Flag Day on **Tuesday, June 14** each year to honor the

United States flag and to commemorate the flag's adoption. On the same day, the United States Army celebrates its birthday.

Flag Day falls within National Flag Week, a time when Americans reflect on the foundations of the nation's freedom.

The flag of the United States represents freedom and has been an enduring symbol of the country's ideals since its early days. During both events, Americans also remember their loyalty to the nation, reaffirm their belief in liberty and justice, and observe the nation's unity.

Many people in the United States honor this day by displaying the American flag at homes and public buildings. Other popular ways of observing this holiday include: flag-raising

ceremonies; Flag Day services; school quizzes and essay competitions about the American flag; musical salutes; street parades; and awards for special recognition.

Organizations such as The National Flag Day Foundation are actively involved in coordinating activities centered on the event and keeping the flag's traditions alive. Following Flag Day is Honor America Days, a 21-day period through to Independence Day (July 4) to honor America. During this period, people hold public gatherings and activities to celebrate and honor the nation.

Although Flag Day is a nationwide observance, it is not a public holiday in many parts of the United States. It is a legal holiday in a few areas in the USA, such as Montour County in Pennsylvania.

On June 14, 1777, the Continental Congress replaced the British symbols of the Grand Union flag with a new design featuring 13 white stars in a circle on a field of blue and 13 red and white stripes - one for each state. Although it is not certain, this flag may have been made by the Philadelphia seamstress Betsy Ross, who was an official flag maker for the Pennsylvania Navy. The number of stars increased as the new states entered the Union, but the number of stripes stopped at 15 and was later returned to 13.

In June 1886 Bernard Cigrand made his first public proposal for the annual observance of the birth of the flag when he wrote an article titled "The Fourteenth of June" in the old Chicago Argus newspaper. Cigrand's effort to ensure national observance of Flag Day finally came when President Woodrow Wilson issued a proclamation calling for a nationwide observance of the event on June 14, 1916. However, Flag Day did not become official until August 1949, when President Harry Truman signed the legislation and proclaimed June 14 as Flag Day. In 1966, Congress also requested that the President issue annually a proclamation designating the week in which June 14 occurs as National Flag Week.

The President issues a proclamation each year to call on government officials in the USA to display the flag of the United States on all government buildings on Flag Day; and to urge US residents to observe Flag Day as the anniversary of the adoption on June 14, 1777, by the Continental Congress of the Stars and Stripes as the official flag of the United States.

Shelter In-Place

The season of unstable, severe weather is upon us. FEMA recommends that families create a plan of their own to implement in order to shelter in-place at home.

Splash Pad

The City's splash pad is open! It will be open daily from 11am to 9pm Sunday thru Saturday throughout the summer until Labor Day weekend. The water park is located in Lions Park on 7th Street west of Main Street.

Storm Damage

Over a 72-hour period this week, Blanchard received 4.28 inches of rain. This caused substantial damage to our roads (see pics).

70th Street NE

55th Street NW

The Public Works Director and Street Crews are assembling cost estimates of repair and securing equipment rental in order to make emergency repairs in accordance to the BMC 1-65.

We've already been notified that there will NOT be a federal disaster declaration. So the totals cost of repairs will be borne by the City.

24th ~ The Road Ponies (Various)

Restore Christian Church will provide a concession stand for each concert.

Summer Solstice

The summer solstice heralds the beginning of summer! The timing of the summer solstice depends on when the Sun reaches its farthest point north of the equator. This occurs annually sometime between June 20 and 22, depending on the time zone. This year, the event occurs

at 4:13am (CDT) on **Tuesday, June 21st**.

The word *solstice* is from the Latin *solstitium*, from *sol* (sun) and *stitium* (to stop), reflecting the fact that the Sun appears to stop at this time (and again at the winter solstice). In temperate regions, we notice that the Sun is higher in the sky throughout the day, and its rays strike Earth at a more direct angle, causing the efficient warming we call summer. In the winter, just the opposite occurs: The Sun is at its southernmost point and is low in the sky. Its rays hit the Northern Hemisphere at an oblique angle, creating the feeble winter sunlight.

Summer Concert Series

The City's Summer Concert Series kicks off every Friday night in **June** beginning at **7:00** p.m. at Lions Park (415 SW 7th Street, Blanchard):

10th ~ **Middle of Nowhere Band** (Classic Rock)

17th ~ **Sully & Sisson** (60s, 70s, 80s)

Think, Shop, Live Blanchard!

Please keep in mind that Blanchard's quality of life and local economy relies on where residents spend their money and do their shopping. Sales tax is a direct and vital lifeline to essential services like public safety (Police, Fire, 911 services), public facilities, projects, programs and services. Shopping locally keeps businesses here in Blanchard, providing jobs and benefiting community schools and non-profits. If there's one thing we can all do to make our dollars work for this community, it's to shop local! Grab dinner in Blanchard on your way home. You'd be surprised what a difference that can make. Shopping locally

benefits the entire community. Make your tax dollars work for you and our community.

Vision 2035 Comp Plan

The Blanchard Planning Commission held a public hearing on (Thursday, June 9th) and received public comments regarding the adoption of the proposed Vision 2035 Comprehensive Plan.

The Planning Commission voted and adopted Resolution No. 2022-05 recommending to the City Council the adoption of the Plan.

The City Council will hold a Public Hearing at their regular meeting on June 28th Council meeting regarding the Planning Commission's recommendation to adopt the Plan.

Watering Odd-Even

Oklahoma City's odd-even watering rotations permanent and has been in place since 2013. It eases the summer-time demand on their water treatment system. These restrictions apply to Blanchard residents since we receive one-hundred (100) percent of our water from OKC. Addresses ending in a 0, 2, 4, 6 or 8, can water on any day that ends in an even number. Addresses ending in a 1, 3, 5, 7 or 9 can water on any day ending in an odd number. Most Oklahoma lawns don't need more than one (1) inch of water per week in the summer to maintain optimum health. Use a rain gauge to determine how much water your lawn is getting. Fewer, deeper watering ensures better root health. Visit www.squeezeeverydrop.com for details.

Water Project

ORR Construction has informed the City, they plan on starting the water line replacement of 4-inch or less in two (2) weeks in old Town Blanchard.

At that time we will conduct a pre-construction meeting with the contractor.

The project is funded with Community Development Block Grant monies in the amount of \$450,063 matched by local funds.
