Shop Local

Here's what happens when you "shop local."

1. For every \$100 you spend at locally owned businesses, \$68 stays in Blanchard. What happens when you spend that same \$100 at a national chain? Only \$43 stays in the community*.
2. You wouldn't want your house to look like everyone else's in the U.S. So why would you want your community to look that way?
3. Local businesses are better at creating higher-paying jobs for your neighbors. When you shop locally, you help create jobs for firemen, police officers, and many other essential professions.
4. Buying from a locally owned business conserves energy and resources in the form of less fuel for transportation and less packaging.
5. Local business owners know you, and you know them. Studies have shown that local businesses donate to community causes at more than twice the rate of chains.
6. Shopping in a local business district means less infrastructure, less maintenance, and

the following:

- Public Hearing re: a variance request from Phillip Foster, 757 South Morgan Road, to allow the use of the A-1 side yard setback of 10' for accessory structures, and to be allowed to build 35' in front of the established building line.
- Approval or denial of Finding of Fact on the variance application.
- Public Hearing re: a variance request from Russell Allen, 6754 N. County Line Road, to allow the applicant to use a side yard setback of 10' for better placement of an accessory structure.
- Approval or denial of finding of Fact on the variance application.

-

more money available to beautify the community. Also, spending locally instead of online ensures that your sales taxes are reinvested where they belong - in Blanchard.

7. Locally owned businesses pick the items and products they sell based on what they know you like and want. Local businesses carry a wider array of unique products because they buy for their own individual markets.

8. You are their friends and neighbors, and locally owned businesses have a vested interest in knowing how to serve you. They're passionate about what they do. Why not take advantage of it?

9. Creativity and entrepreneurship are what the American economy is founded upon. Nurturing local business ensures a strong community.

10. The more interesting and unique Blanchard community, the more we will attract new

neighbors, visitors and guests. This
BENEFITS EVERYONE!
