## House Numbering

In an emergency, first responders (fire, police and ambulance) and utility service technicians depend on clearly marked addresses to find the right home as quickly as possible. Finding a residence can be challenging if street addresses (house numbers) are unreadable, hidden, unlit or missing. You can help emergency responders and service technicians locate your home by following these tips:

- Replace aging or faded numbers;
- Clear all obstructions (hanging plants, bushes, flags, etc.) from blocking your house number;
- Post large numbers to allow visibility from the street;
- Place your numbers near the street or on the curb, with a reflective coating and contrasting background;
- Allow numbers to be seen from all directions (if your home is on a corner, have numbers posted on all sides).

The BMC §4-402 requires all building and houses to be numbered. The even numbers (2,4,6, etc.) shall be on the east side of the streets extending north and south, and on the south side of the streets extending east and west; the odd numbers (1,3,5, etc.) shall be on the opposite side of streets.

## Shop Local

Here's what happens when you "shop local."

1. For every \$100 you spend at locally owned businesses, \$68 stays in Blanchard. What happens when you spend that same \$100 at a national chain? Only \$43 stays in the community\*.

2. You wouldn't want your house to look like everyone else's in the U.S. So why would you want your community to look that way?

3. Local businesses are better at creating higher-paying jobs for your neighbors. When you shop locally, you help create jobs for firemen, police officers, and many other essential professions.

4. Buying from a locally owned business conserves energy and resources in the form of less fuel for transportation and less packaging.

5. Local business owners know you, and you know them. Studies have shown that local businesses donate to community causes at more than twice the rate of chains.

6. Shopping in a local business district means less infrastructure, less maintenance, and

fun for the entire family. Browse through exhibits of local crops and farming and celebrate the agricultural abundance of the area. Exhibits on clothing construction, food preservation, baked goods, science projects, photography and more will also be featured.

Don't miss the fair's popular horse show or the all-you-can-eat bean and cornbread supper. Visitors to the McClain County Free Fair will also enjoy live entertainment throughout the event, a beef and dairy show and a children's rodeo. Bid for tasty treats in the fair's pie, cake and salsa auction, or simply come to this Purcell fair for luscious barbecue and yummy homemade ice cream.

more money available to beautify the community. Also, spending locally instead of online ensures that your sales taxes are reinvested where they belong - in Blanchard.

7. Locally owned businesses pick the items and products they sell based on what they know you like and want. Local businesses carry a wider array of unique products because they buy for their own individual markets.

8. You are their friends and neighbors, and locally owned businesses have a vested interest in knowing how to serve you. They're passionate about what they do. Why not take advantage of it?

9. Creativity and entrepreneurship are what the American economy is founded upon. Nurturing local business ensures a strong community.

10. The more interesting and unique Blanchard community, the more we will attract new neighbors, visitors and guests. This
